

# Fabric Lightweight, Double-Sided, Mobile LED Lightbox Display

Easy to move, assembled without tools, yet stable. The Mobile LED Display Lightbox is the perfect signage solution whether it's for a Point of Sale display, at a tradeshow, expos or as an advertising board or for wayfinding signage.

The Mobile LED Display Lightbox truly stands-out from the crowd. Combine multiple units to create an endless wall of images or messages. Compact design and sophisticated carry-case allow for optimal storage and transport of both components and fabric digital prints.

\*Artwork to be supplied as finished HI RES print files with 20mm bleed, supplied as JPEGS, PDF or VECTOR files.
