

DESCRIPTION

HUGE SIZES POSSIBLE

- Simple, economical and eco-friendly display system that greatly enhances the visual impact of any graphics
- K33 slimline extrusion forms a 33mm deep poster frame
- Can be mounted in any locations, including retail wall space and trade show exhibition systems
- From the front the poster display is completely frameless
- Only a 33mm (depth) section of aluminium extrusion is seen from the side
- Image extends from edge to edge, covering 100% of the space used
- Can be used for frames up to 6000x2000mm or even larger if screwed down to a solid backing
- Colour options include silver. Custom colours also available.

SPECIFICATIONS

- 33mm deep
- Extruded profiles are joined together with easily fitted screw corners
- Sizes from A4 up to 6000x2000mm or even larger if screwed down to a solid backing or wall OR if support bars and tension locks are used to provide additional strength
- Can be supplied in kit form
